WEEKLY BAZOO.

SEDALIA MO.

TUESDAY, JULY 15, 1884.

WEATHER REPORT.

Corrected daily for the BAZOO by C. G. Taylor, Horologist and Optician, No. 106 Ohio street, for the twenty-four hours ending at 9 o'clock p. m., July 12, 1884.

TIME.	TEMP.	BAR.	WIND.	WEATHER
7 a.m.	82	29.18	SW	Clear.
2 p.m.	96	29.12	"	"
9 p.m.	85	28.10	"	Cloudy.

Extreme: 71° and 99°.

LOCAL LINES.

—McClellan leads in Wall Paper.

—You can save money at Hor's grocery.

—Smoke O'Brien's La Pluma cigar.

—Ferrell & Fellows have a photo of the Sedalia university in their front window.

—There was nothing doing at the county offices yesterday, and the justices were all taking a lay off.

—A 9 months old child of Chas. Schuelt died yesterday morning, and was buried in the afternoon.

—Mrs. C. B. Haley presented her husband with a ten bound lump of domestic felicity yesterday.

—A new sidewalk was being laid on Third street, near Massachusetts street, yesterday. Keep up the good work.

—Rose, the East Sedalia coal dealer, was painting his new office yesterday. The outside appearance is greatly improved thereby.

—W. S. Hudson was granted a permit by the city engineer to lay a sewer from his residence, 614 West Broadway, to the main sewer in the adjoining alley.

—The Farmers' mill was not running yesterday, while the stones were being dressed. Some new wheat, but not of a very good quality, has been received.

—City Assessor Lampton has completed his assessment of city property, and is now engaged in making up his books, which will be turned over to the collector on the 1st of August.

—There are parties in town who claim their cows are driven off their premises. To such the BAZOO would say you are mistaken. The officers are instructed to take up cattle that are running at large, only, and have adhered strictly to instructions.

—Marvin & Douglas' horse, Beechmore, won second money in the great steeple chase at Washington park, Chicago, last Thursday. Just before reaching the wire he fell, otherwise he would have won first money. The distance was one mile and three-quarters.

—There was a scrapping match at the depot yesterday evening as the train from the south was pulling out. A colored porter on the train stepped up to a gentleman named Gentry and knocked him down. Bystanders say that no provocation for the assault, whatever, was given.

—Next Sunday the BAZOO will publish an original story from the pen of Rev. Cephas A. Leach. Sedalians will remember that he was a "bang up" newspaper publisher and preacher, and of course the public can look for something cute from him in the shape of a true story.

—The officers were out yesterday looking for dogs on which the tax had not been paid. Yesterday was the last day of grace and to-morrow all who own such dogs will be arrested and fined according to law, and then be compelled to kill the dog. A man certainly does not think much of his dog when he won't pay one dollar to save his hide.

—A lady stepped on a loose board in the sidewalk of the Jay Gould hotel yesterday evening, which flew up and threw her violently to the ground. Last night the lady was said to have been in a pretty bad condition, having been injured internally. Verily, verily, let the sidewalks throughout the city be repaired. It is a very plain fact that unless they are put in good condition some one will have a damage suit to pay.

—Charlie Kelk, the engineer of the fire department, spent Friday in Kansas City, and while there, the guest of the chief of the fire department, witnessed the famed expediency of the Kansas City fire ladders. Eight alarms were sounded during the day, and one, while he was sitting in the engine house, was answered by the engine ready to move in less than three seconds. The horses are trained to leave their stalls and take positions beside the engine pole at the first tap of the bell.

—There are a crowd of boys who are in the habit of congregating at the court house square of evenings and using the fence for seats. Not only does this occur on week days, but Sundays also, and the citizens who reside in that vicinity say that some of the vulgar, obscene language known to American hoodlums, is used, that causes blushes of shame to mount to the faces of the ladies. Boys, there is a severe law against this, and some fine night you will find yourselves in the cooler, and it will serve you right, too.

—"Twelfth Night" was produced by Henry Irving and his Lyceum company at his theatre in London last week. His production was not a success, the performance for the most part being coldly received. A great many in the audience even indulged in hissing. Mr. Irving upon being called before the curtain made a speech in which he said that "during his absence there had evidently crept into his audience an unfriendly feeling." Mr. Irving announced that in 1885 "King John" will be produced at his theatre with Lawrence Barrett and himself in the leading roles.

Tremendous Excitement.

The excitement created by the Special Sale during the last two weeks has only been second to that caused by our Grand Opening. From morning till night our Mammoth Establishment has been crowded with eager purchasers, all anxious to buy goods at heretofore unheard of prices. The news went forth like wildfire that goods were being sold at Tremendous sacrifices, and every household in the city sent down representatives to reap the harvest. Our buyer was notified that a fearful inroad was being made in stock, and sacrificing pleasure and comfort for the benefit of an appreciative public, he braved the intense heat of the Eastern Markets to secure additional attractions. Never before did he meet with like success.

On Our Counters.

Will be found this week the fruit of his labors. Over one hundred pieces dress goods, comprising Bunting, Grenadines, Flivids and Checks, plain and all wool filling Delaines, etc., the value of which have been 18, 20 and 25 cents per yard, selling now for 10c a yard. New Silks at prices that will please. A good Lawn, figured, at 4 1/2c a yard. Shawls and Parasols 25 per cent. below value. Fifty pieces new Percals in short lengths to close, 12 1/2c worth 20c. Feather-weight Underwear—One case gents' Gauze Undershirts 20c. One case ladies' Gauze Vests 25c. These goods can never again be replaced.

Prices on Following Goods,

good for this week only. Our 7 1/2c Gingham 5c a yard. Our \$1 25 White Counterpanes 75c each. Our 40c Towels 25c each. Our 17 1/2c Cottonades 10c a yard.

SPRINGS CLOTHING HOUSE.

Wanted to Skip.

G. R. Gode, who formerly kept a billiard hall in this city, was arrested yesterday by Officers Fifer and Wentzelman, at the instance of Bed. Shobe, who was his bondsman for the payment of his merchant's tax. It became known to Shobe that Gode was going to leave the city and to save himself, turned the man over to the officers. He was taken before Recorder Rauck, who told him he would either have to pay up or go below. He was very abusive to the officers who made the arrest, and wanted to whip them. When they arrested him he told them he would go when was ready, but they took him anyway, and waited for him to get ready at the station.

Died.

Mrs. Mary Ann Cramer, wife of S. D. Cramer, and daughter of Jno. C. Conaway, died last evening at 7 o'clock, at her residence on Sixteenth and Montgomery streets, aged 20 years. Funeral to-day from the Catholic church, at 3:30, Father Murphy officiating.

Robberies.

Two houses at Herndon, Saline county, were robbed Friday night of two watches, one silver stem winder and one gold stem winder. Two men arrived in the city yesterday looking for the robbers, and two more were looking for them last night. The robbery is said to have been a bold one, and the pursuers are confident that their men are in the city.

—If Charley has felt his heart beat since the young lady went to Callaway?

—If the party who intended leaving for Sweet Springs yesterday didn't get badly "left?"

—If the Sedalia "coppers" are not "Joe Dandies" when it comes to catching men with pistols?

—The name of the young lady who boasts that she has often kissed him at the garden gate?

—Why a certain second-hand man took such a wind-about way to take his girl home last night?

—If Walter doesn't look nice with his new white hat and which the girls will think the most of—Walt or the hat.

—If the girls in the third story of a certain hotel know that they are not reaping the benefit of their nightly circus?

—If the individual that drives the one-horse express, and who wears the checkered jacket is not pushing himself into trouble?

—Why the three Sixth street young ladies so suddenly changed their course as they neared Main street yesterday afternoon?

Catholic College.

Mr. J. D. Kingsley, Sec'y, Holy Cross College Gymnasium, Worcester, Mass., writes: Every member of our club frankly admits that St. Jacobs Oil, the conqueror of pain, is the best cure they have ever used, and all speak of it in terms of the highest approbation. 50 cents a bottle.

Township Convention.

The republicans of Sedalia township met at the city hall yesterday afternoon, for the purpose of electing delegates to the county convention, which meets Monday next.

About 150 of the representatives of the party in this township were present.

The meeting was called to order by E. W. Sinclair, and Milo Blair was made chairman, with O. P. Howk as secretary.

E. J. Smith suggested that the township convention recommend the postponement of the county convention until a later date.

Judge Shirk also suggested the same thing giving as his reason that the call of the central committee for a county convention had not gained sufficient publicity to insure a full and fair representation of the party from all over the county; and also, when the convention does meet, it elect delegates to the congressional convention.

Col. Cloud made a motion that the delegates from this township favor and work for a postponement of the convention unless there was a full representation from the various townships. The motion prevailed.

The following delegates to the county convention were then chosen:

E. W. Sinclair, Col. Cloud, A. P. Morey, Aug. Schneider, E. J. Smith, S. B. Sturtevant, Dr. Middleton, C. E. Messerly, F. A. Sampson, Charles Hoffman, Albert Parker, W. P. Jackson, B. G. Wilkerson, A. D. Fisher, Frank Landmann, J. D. Russell, Milo Blair, Richard Anderson, Caleb Bledsoe, Wesley Phillips, William Rube, an A. J. Adams, the five latter colored.

On motion, the convention adjourned.

Horsford's Acid Phosphate For Overworked Females.

Dr. J. P. Cowen, Ashland, O., says: "It proves satisfactory as a nerve tonic; also in dyspeptic conditions of the stomach, with general debility, such as we find in overworked females, with nervous headache and its accompaniments."

SIX SACRIFICED.

Recorder Rauck Running the Ring and His Rulings of the Right Rank.

Recorder Rauck's face wore a bland smile yesterday morning as he mounted his majestic bench for he knew well nobody that he was to have a picnic with nobody to it but himself. The judge always feels good on an occasion like this and although he tries to look severe upon the poor, trembling prisoners, yet his gaze gradually softens into a look of deep compassion.

The first case called was that of J. Summers, charged with intoxication. He was promptly fined \$5. Of course he didn't have it, in fact he didn't have five cents. Mr. McHendricks next took the scratch for carrying concealed weapons, and being too full to navigate, he got \$55 or fifty-five days just as you please to put it.

W. S. Turnipseed was the next unlucky individual. In the judge's opinion he disturbed the peace just \$7 worth.

J. F. Wood was in the same canoe with Turnipseed, and was swamped in the same identical manner.

Morgan Brown was arraigned on the charge of disturbing the peace, but had his case dismissed.

It will be remembered that Jake Turner was arraigned Friday, on the double charges of intoxication and disturbing the peace. He was then fined \$5 for intoxication, and the case against him for disturbing the peace, was continued until yesterday morning, at which time he was fined \$7. While the officers were busy with another prisoner, Mr. Turner walked out the door and has not since been heard from.

THE POPULATION.

Report of the School Enumerator as to Sedalia's Present Population.

The following report of School Enumerator Chapman in regard to the population of the Queen City, is most gratifying. It shows conclusively that Sedalia is rapidly increasing in population and consequently increasing in wealth. What the city now needs is a few men with capital to start some kind of manufacturing rolling:

EDITOR BAZOO.

SIR—Having just finished the enumeration of the persons of school age in this city; also made a memoranda of all persons found at each house who were counted as members of the families and by the request of several citizens will give what I regard the population of Sedalia, this being the fifth time that I have made this enumeration, viz: 1873, 1880, 1882, 1883, and 1884. The first three times the number of school age multiplied by four and one-fourth equaled the actual count. Last and this year, 1883 and 1884, I found that there is a less number of unemployed persons, or what is called a floating population, and that the total number of school age 3,918 multiplied by four gives about the same result, the actual count which I made making 15,671. It will be observed that at this time of the year many persons who are usually found in town are engaged elsewhere. My memorandum shows less than fifty vacant residences, including new houses ready for occupancy. B. F. CHAPMAN.

Scared Him Up.

Steve Ford was taken to the country yesterday, by Mayor Rickman, as he was going out that way. Steve was told that if he came to town and got drunk again he would have something terrible done to him. This scared him so that he promised to "never drink a drop again," and stay away from the city as long as possible. He went to Green Ridge.

SHILOH'S VITALIZER is what you need for Consumption, Loss of Appetite, Dizziness and all symptoms of Dyspepsia. Price 10 and 75 cents per bottle. Sold by Bard & Miller.

J. G. Crews Again.

The BAZOO has in days past alluded to the man who bears the above name. Crews has often talked himself into the good graces of young ladies, who pure and upright themselves, are unsuspecting and believe what their despoiler might paint with honied words.

It has come to the knowledge of the BAZOO through a correspondent at Knobnott that Crews is now laying siege to the affections of a young lady in Johnson county. If this should meet her gaze, the BAZOO asks her in the name of all that is good and pure to hesitate and investigate Crews' true character; then if she finds that he is her equal, her affinity, this paper will have considered that it has performed a duty which it owes to the public.
